EDUCATION

University of Massachusetts Amherst

Amherst, MA | Sept 2022 – May 2026

B.S. in Managerial Economics; Public Interest Technology (PIT) Certificate

GPA: 3.9 | Dean's List All Semesters | Chancellor Scholarship Recipient, Field Scholar Award, Departmental Academic Excellence Award

Relevant Coursework: Microeconomics, Macroeconomics, Econometrics, Statistics, Health Economics, AI in Economics, Economics in the Age of Big Data, Public Interest Technology, Public Policy in Private Markets (*authored 5 policy memos on monopolization, predatory pricing, and vertical integration*)

EXPERIENCE

Sol's ARC (Public Policy NGO) | Intern

Mumbai, India | July 2025 – Aug 2025

- Co-authored formal pilot program progress reports synthesizing systemic barriers, data gaps, and funding models; presented findings directly to state government stakeholders, requiring precise documentation and defensible written analysis.
- Built a comprehensive Internship Guide and contributed to induction materials to standardize onboarding across teams, improving operational consistency, on my own initiative.

UMass Amherst Disability Services | Classroom Access Assistant & Note Taker

Amherst, MA | Sept 2024 – May 2026

- Delivered individualized classroom access support to a student with a disability across two academic years — maintaining strict confidentiality and professionalism throughout.

UMass Amherst Residential Services | Customer Service Associate

Amherst, MA | Aug 2024 – May 2026

- Managed daily front desk operations for a large multi-building residential facility — welcoming students, coordinating maintenance requests, and keeping real-time records across multiple systems simultaneously.

UMass Student Government Association (SGA) | Undersecretary of Health & Wellbeing

Amherst, MA | Nov 2023 – May 2024

- Championed 5+ campus wellbeing initiatives through SGA policy proposals and partnerships with 6+ health organizations; gathered and analyzed survey data from 100+ students using Excel to inform written policy recommendations.
- As Senator for the Social Justice & Empowerment Committee, pitched and won approval for an Emergency Contraceptive vending machine on campus; represented 5,000+ undergraduates on the UMass Undergraduate Senate.

Dean's Student Advisory Council (DSAC) | Student Representative

Amherst, MA | Sept 2023 – May 2026

- Bridged 500+ students and college leadership, distilling diverse concerns into structured, evidence-backed recommendations presented directly to the Dean and Associate Dean.

UMass Amherst | Research Assistant

Amherst, MA | June 2023 – Sept 2023

- Sourced, validated, and cleaned large-scale hospital datasets supporting faculty research at Carnegie Mellon, Harvard, and Stanford on the economic impact of Paid Family and Medical Leave (PFML) policy on patient outcomes nationwide.

Aditya Birla Wellness (ABW) | Intern

Mumbai, India | July 2023 – Aug 2023

- Distilled strategic insights from board-level digital health strategy meetings, focusing on product-market fit and competitive positioning across health tech platforms.

ACTIVITIES & LEADERSHIP

Indian Classical Music Club | Member & Informal Leader

Amherst, MA | Sept 2022 – May 2026

- Served as an informal leader and go-to resource for club members — regularly sought out for guidance on technique and performance preparation despite holding no formal executive title; independently planned and coordinated rehearsals.

SELECTED PROJECTS

AI Podcast with Professor Ethan Zuckerman — May 2026

- Cold-emailed and secured a 30-minute interview with a professor of public policy and computer science outside the course for a class final, producing a public-facing podcast that translated complex AI concepts for a non-technical audience.

AI & the Future of Oncology R&D — Dec 2025

- Authored a 7-page industry report and 12-slide presentation examining GenAI's economic impact on oncology pharmaceutical R&D — covering labor market shifts, algorithmic bias risks, and data governance frameworks.

Worker Incentive Field Experiment — Dec 2025

- Designed and ran a natural field experiment on Prolific (n=40) using Qualtrics to test piece-rate vs. flat-rate incentive contracts on worker output; analyzed results in Excel using t-tests and OLS regression.

SKILLS

Technical: Microsoft Excel & Access (OLS regression, t-tests, pivot tables), R (tidyverse, ggplot2, dplyr), SAS, Qualtrics, Canva, ClockWork

Familiar With: Generative AI tools (Claude, ChatGPT, NotebookLM); ethical AI frameworks and data governance

Languages: English (Fluent), Marathi (Fluent), Hindi (Fluent)
